## Community Crime Prevention Tips

### Rainy Day Safe Driving Tips

The inclement weather brings driving challenges to everyone. Yearly, wet weather contributes to 1.2 million crashes nationwide. Here are some reminders to help you stay safe and return home to your loved ones.

- 1) If it is raining, turn on your headlights. You will become more visible to each other, and the Vehicle Code requires it. Stay alert.
- 2) Slow down. This will avoid "hydroplaning" and will help your tires stay in contact with the road.
- 3) Allow yourself more braking distance, in case the road oils are still present. Focus on what is 20-30 seconds ahead of your vehicle. If your car has ABS braking, keep firm pressure on the pedal if the system activates.
- 4) If you start to slide or skid, do not slam on the brakes. Continue to steer in the direction in which you want the car to go and lift off the accelerator.
- 5) Use vehicle safety belts. They are proven to save lives.
- 6) Flooding may occur. If you see water that looks deeper than 10-12 inches, do NOT continue into the water.
- 7) An intersection with lights out becomes a 4-way stop.

The Malibu/Lost Hills Station hopes these tips serve as simple reminders about wet weather safe driving. Routine vehicle maintenance is also important. Be sure to check your wipers, tires, brakes, etc. Please drive safe and be sure to call 911 if you see downed power lines or roadway blockages.

If you have any questions, please contact Deputy Mike Woodard at (818) 878-5506.
